

Distributor Overview

High-Protein, Naturally Fermented Tempeh Products • Made in the USA

Who We Are

SoyaMaya is a U.S.-based manufacturer of premium tempeh products made by combining high-protein, non-GMO, and high-oleic soybeans using traditional fermentation. Our products deliver clean-label, plant-based protein with consistent quality and export-ready production. We are actively seeking long-term distribution partners.

Product Range

Protein Tempeh Chips

- Shelf-stable, high-protein snack
- Naturally fermented, gluten-free, non-dairy
- Ideal for health, specialty, and premium snack retail

Frozen Tempeh

- Clean-label fermented protein for retail and foodservice
- Suitable for private label programs
- Consistent quality and scalable production

MOQ & Logistics

- Minimum Order Quantity: 1 pallet (approximately 45 cases; mixed flavors allowed)
- Export-ready packaging and documentation
- Suitable for pallet or container-scale shipments
- Flexible formats for distributor and private label needs
